

Dear colleague,

You are warmly invited to join us in Santarém, Portugal, for the ***International Staff Week 2026 - “AI-Driven and Sustainable Futures for Higher Education”***, hosted by ISLA Santarém - Polytechnic University from 16–20 March 2026, featuring a keynote, hands-on workshops on AI in teaching and learning, round tables and debates on European alliances, cooperation and blended intensive programmes among others, an Academic Fair (“Your University Represented”) and “Your University in 50 Seconds”, a full Culture Day in Santarém and the Ribatejo’s region with lunch and joint dinner, and a relaxed farewell with reflections and certificates; the working language is English and the event is aimed at academic and administrative staff interested in AI, pedagogy, internationalisation and sustainable institutional development.

For registration each participant should apply via the link below by **19th February**.
